

We are Futugrid

We are filling the quickly changing and growing demand of power while whole power system and energy production turns towards renewable sources.

Our goal is to become:

- ✓ TOP3 demand response company in Europe
- ✓ Leader of connecting households to virtual powerplants
- ✓ Data hub for goods and service providers

FUTUGRID

Toomas
co-founder, CEO

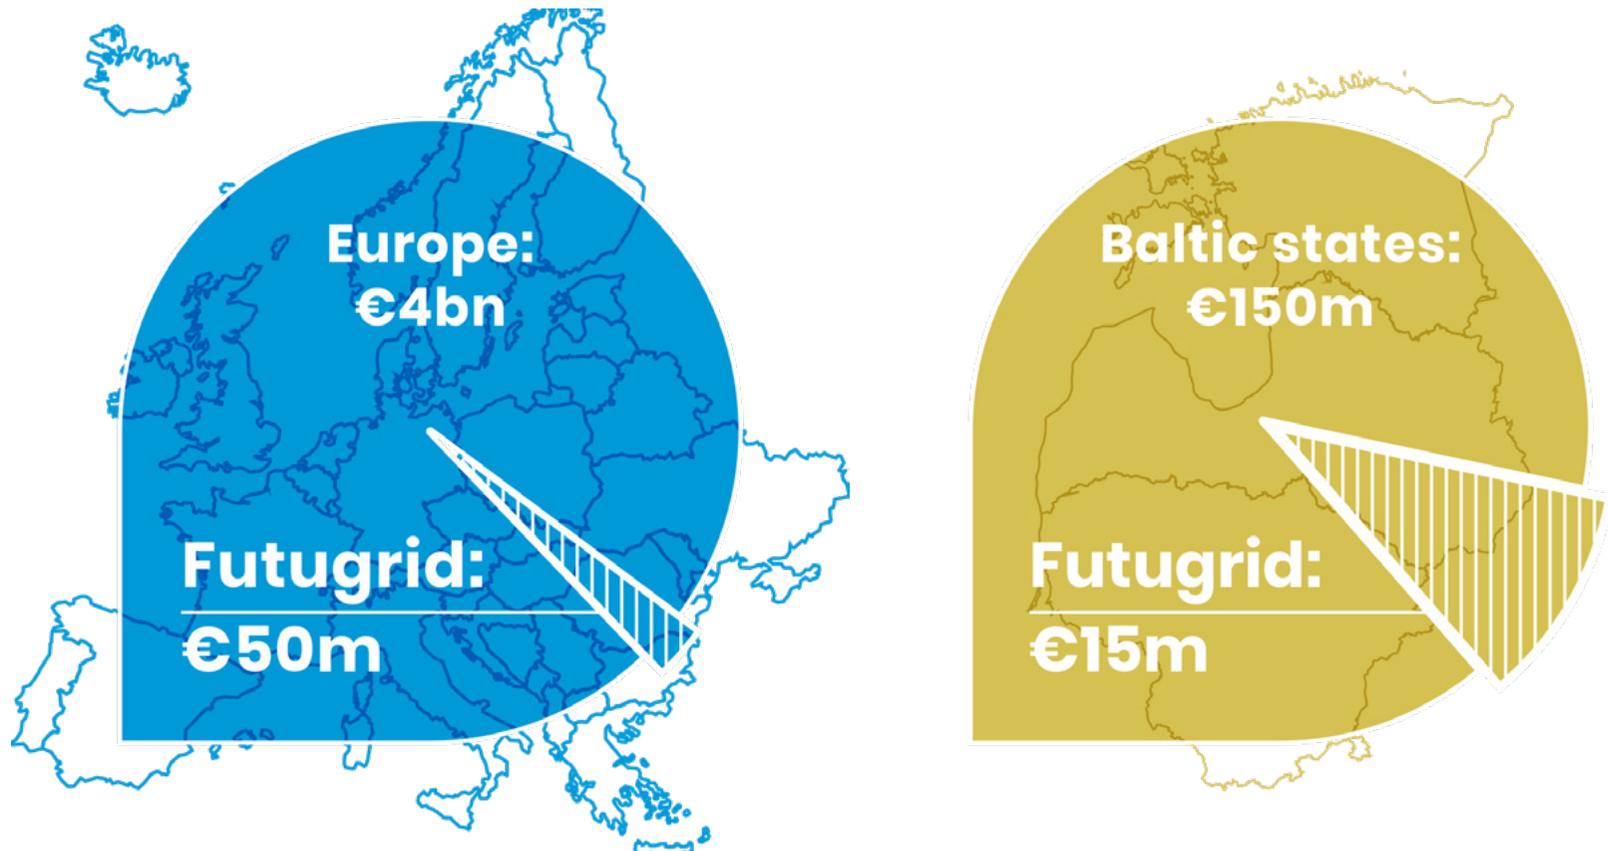

Leino
co-founder, CSO

Igor
co-founder, CTO

This is our market and our share of the market 2026:

Increasing grid efficiency and sustainability. Saving money. Creating value for everyone.

MACHINE LEARNING CLOUD-BASED SOLUTION

- ✓ Fully automated realtime operating system
- ✓ Instant monitoring of connected devices
- ✓ Easy to integrate to any any European power grid

RELIABLE PARTNER FOR POWER SYSTEM OPERATOR

- ✓ Fast and flexible power management
- ✓ Instant information about available power

BENEFICIAL FOR EVERY HOUSEHOLD

- ✓ Well-designed plug-and-play device
- ✓ Lower power costs
- ✓ Device monitoring

VALUABLE DATA PROVIDER

- ✓ Aggregated data third parties (device manufacturers, grid managers, services)
- ✓ Useful data about devices to end users
